S.S.S. NATURES CURE FOR BLOOD POISON

A great many medicines used in treating Contagious Blood Poison are composed largely of mercury and potash, and are intended to dry up or remove the humiliating outward symptoms. But such treatment cannot cure the disease, and its continued use will often so weaken and disease the stomach as to make a nervous wreck of the patient. And too, when these mineral medicines are left off the smoldering poison takes on new life, and soon the old symptoms of ulcerated mouth and throat, brown, scaly splotches, falling hair, sores and ulcerated mouth and throat brown, scaly splotches, falling hair, sores and ulcers, etc., return with increased virulence. S.S.S. cures Contagious Blood Poison by purifying the blood and keeping the stomach and digestive members in perfect condition all the while by its fine tonic effects. S.S.S. is a purely vegetable remedy, made entirely of roots, herbs and barks of recognized virtue as blood purifiers. S.S.S. cures on the principle that not only must the poison be removed from the blood, but also the circulation must be enriched and vitalized with nourishing powers. S.S.S. is known everywhere as the greatest of all blood purifiers and a safe, certain cure for Contagious Blood Poison. However, the contagious and medical certain cure for Contagious Blood Poison. Will Be Great Colt Race.

Detroit, Mich., April 17.—The Chicago Horseman Futurity, \$15,000 guaranteed, will be raced at the Detroit Blue Ribbon meeting, which begins on July 21. There are three divisions of this futurity, which is the richest of the newspaper stakes, one for three-year-old troiters, one for pacers of the same age, and the other for two-year-old troiters. Owing to the large number of colts in the events, the guarantee probably will be exceeded, in view of the brilliant racing of the two-year-olds in 1910, it is expected that the three-year-old division will be the greatest colt race of the year. Will Be Grent Colf Race.
